

Xing Xing 2010

Dear Supporters

It is with sadness in my heart that I must report that Xing Xing passed away peacefully last Saturday afternoon in the ICU department of the Yodak Hospital. Her heart condition was very serious and although the surgeons and staff did all that they could, they were unable to save her. Her funeral was held on Monday in Shanghai.

She was 3 months old and a beautiful little girl who always had a smile for everyone and who reached out her hand to be touched.

For all of those that knew her in her short life she brought love and happiness.

We will all keep her in our hearts and she will not be forgotten.

Julie
